

Project Submission Report- Faris

Task Title

Adding UPI integration

Difficulties Faced

I fixed all the codes and integrated UPI but merchant id is not working, so I contacted PhonePe and they asked me to wait for 48hours.

Solutions

Referring all these developer documents from UPI apps for developing codes.

Referring developer.phonepe

Learning & Takeaways

Learned to integrate UPI payment gateway.

Overall Summary

Today, I fixed the payment gateway UPI, but not sure about the merchant id, also tried integrating from Paytm unfortunately the Paytm's server was down.
