Project Submission Report- Faris

Task Title

Installing Flutter SDK and running flutter code

Solutions

1. Referred YouTube for installing SDK.

2. SDK installed successfully but facing several issues with running codes.

3. It might be caused due to the version issues.

4. Tried to fix the issue with the help of ChatGPT. But, was not able to find the issue.

5. Tried using Any Desk, but still not able to fix it.

6. Still working on the issue. Proper trained professionals can fix this and we are not. So, same training for us is expected from the company's side.
